Dear Ignacio !

More than 2 years Tomas, Gui, Tom and myself have had this uncomfortable conscience about a promise given at Cumeco. The promise to print (and design in an adequate way) Your essay about creativeness. When Tomas told us, that meanwhile You had printed it Yourself, we decided to print Your Vantongerloo-speech.

And here at last it is.

We want You to know that often we think back to this weekend in Cumeco and Your friendship. Even if it lays 2 years back.

We send You 175 copies at first (if You need more, just let me know). They are sent by air freight. They should be at BA around January 1st. Since it is a present, I hope there will be no duty. Maybe You can speak to one of the custom officers in advance.

I hope You feel well personally and I hope to meet You again. Maybe I will join Tomas (or Tom or Gui) if they go to Argentina next time.

Good wishes for the new year 1967.

Sincerely Yours

Eberhard
